

STUDENT RESPONSIBILITIES:

No one can pass this class for you. You need to:

- Read and take notes on assigned pages in textbook.
- Complete homework assignments when assigned.
- Complete computer lab assignments, activities, and written projects as assigned.
- Keep your work organized in a notebook to help you study.
- Prepare and study for gateway quizzes and unit tests, final exams and the AP exam.
- Get help when having difficulty with a topic—make good use of tutorial periods.
- Don't allow work or extra-curricular activities to overload your schedule.

SUPPLIES FOR THE CLASS:

Required Supplies:

Texts

- Textbook: Larson, Edwards, *Calculus AP* Edition 9th ed.* ISBN # 978-0-547-21289-0

Materials

- Pencils, Eraser, Pens for correcting work, Highlighters
- Large Three Ring A4 Binder & 5 dividers
Suggested labeling:
 - Do Now
 - Homework
 - Class Work
 - Study Guides (i.e. Calculator Page, Integral Properties etc)
 - AP Frappy Practice
- Lined or grid paper for completing homework (loose leaf, A4 size)
- Protective plastic sleeves – useful for study guides.

Software & Technology

- TI-Nspire CAS CX* or TI-84+ Graphing Calculator, TI-89

*(Most in class tutorials and labs will be using the TI-Npsire CAS CX platform)

Recommended Supplies:

- Laptop or Notebook
- Albert Online Exam Prep Account (may be provided by the school)

CLASS PROCEDURES:

Beginning of class:

Students are expected to grab any materials (CW page), sit in their seats, take out their homework for teacher to review and begin working on their 'DO NOW' activity. If students finish the do now before the allotted time is over, they may write down the next day's homework assignment and aid others in completing their DO NOW or discuss issues with the previous night's homework.

Homework

Homework will be checked for completion on the following day. Solutions will be available for students to assess their work via the Google Classroom. Please remember: Homework is for the benefit of practice, not just to gain points. Homework assignments will be posted in class. It is the students responsibility to record this information.

End of class:

All class materials should be returned to their designated areas. Once the room is in order, students will be dismissed by the teacher NOT the bell.

Electronics

No use of headphones, cell phones, or other electronics in classroom unless otherwise stated by the instructor. Cell phone policy of the school will be followed in this class.

Attendance and Tardiness Procedures

Students are expected to be in class on time. Class begins immediately and students should be in their seats prepared to work. Students who are late to class will be marked tardy. The tardiness policy of the school will be followed in this class. Students who are aware of a future absence are responsible for notifying the teacher prior to their absence. Excessive tardiness or absenteeism may result in a 10% decrease in your overall grade for that quarter.

Procedures for Making-Up Work Due to Absences from School

Students are required to make up work that they miss when they are absent from school. Arrangements to make up missed class work, tests, or quizzes should be made within one school day of a student's return to school. Work may only be made up for **excused** absences. All homework is accessible via Engrade or Google Classroom.

Students are expected to take a test or quiz on the day is given, unless they have an excused absence and have missed at least two consecutive days prior to the test or quiz. If they fail to take the test, they will not be allowed the opportunity for a re-take.

Students should consult the teacher via email and google classroom to see what assignments were done, the homework assigned for the day they were absent, and if there will be a quiz/test the day they show up. "I have not been here and I did not know what was on the quiz/test" **will not** be a valid excuse not to take the quiz/test.

Cheating Policy/Procedures

All students found to be cheating will receive a zero for the test, quiz, or assignment on which he/she cheated. If you do not protect your test/homework you can fall victim to a zero score. School policy on cheating will be followed in this class.

Testing

Students are allowed one re-take test for every unit test. The average of the two tests will be the score recorded. The re-take tests must be done in tutorial. Reference the announcement board for deadlines. Gateway quizzes are assigned and students must pass with a 75% passing rate. Students will have chances for corrections and retakes to achieve this.

Labs/Afterschool

Occasionally there will be allotted times in which students are required to attend an after school lab, AP practice test session or tutorial recommended by the instructor. In these times, an unexcused absence will be counted towards their grade if they fail to show up, with no ability to make up the missed work/points.

Tutoring

Tutoring will be offered once a week formally after school. Please inform me if you are struggling. There are many ways that I can assist you so that you receive the best experience possible in class.

Student Agreement:

- I have read the class syllabus, synopsis, rules/expectations & procedures
- I understand the required materials to bring to class everyday
- I understand the grading policy
- I understand and will follow the class rules/expectations
- If I am having difficulty in class I will inform the teacher and find the best solutions to aid me in my education
